Open Source Firmware Conference
Erlangen, Germany
September 14-15, 2018

Your name: _____

Your employer, if any: _____

Your email Address: _____

Your phone Number: _____

The attached terms govern the Intel® Hack-a-Thon (“Hack-a-Thon”). By registering for the Hack-a-Thon, you agree to be bound by these terms. The Hack-a-Thon is subject to, and you must comply with, all applicable national, federal, state, provincial, territorial, municipal and local laws, regulations, policies and directives.

TERMS AND CONDITIONS FOR THE INTEL CAPSULE UPDATE HACK-A-THON

Location and Date of Hack-a-Thon. The Hack-a-Thon is scheduled to take place at the Open Source Firmware Conference in Erlangen, German. The Hack-a-Thon begins on September 14, 2018 from 10AM, local time and runs through September 15, 2018 at 5:00PM, local time.

Purpose of the Hack-a-Thon. The purpose of the Hack-a-Thon is to discover vulnerabilities in the TianoCore implementation of UEFI capsule update.

Eligibility to participate. The Hack-a-Thon is open to any attendee of the Open Source Firmware Conference taking place in Erlangen, Germany, September 12-15th 2018. You must be, at the time of the event, at least eighteen (18) years of age and the age of majority in the country, state, province or territory in which you reside. You must not be a resident of a US-embargoed country and you must not on a US list of sanctioned individuals. It is your responsibility to understand your legal right to attend and participate in the event.

Registration. In order to participate in the Hack-a-Thon, you must complete a registration form and indicate that you agree to these terms. Forms will be available on-site at the Hack-a-Thon. Registrations are limited and are on a first come, first serve basis, and Intel has the right to limit the number of registrants at any time in its discretion.

Prerequisites. You must bring any hardware and/or software which you believe is necessary in order for you to participate, including laptop systems. The Hack-a-Thon website noted above will include a detailed list of items you want to bring.

Intel Bug Bounty Program. Your submission may be eligible for the Intel Bug Bounty Program. More information can be found here: <https://www.intel.com/content/www/us/en/security-center/bug-bounty-program.html>. Any submissions made to the Intel Bug Bounty Program are subject to the terms and conditions of that program.

Publicity Release. You grant Intel permission to use your name, image, likeness, quotes or any portion thereof (collectively, "YOUR IMAGE") as they may appear in the photos or audios/videos recorded at the Hack-a-Thon, and to distribute or display in any and all manner and media throughout the world. You understand that Intel is not obligated to use nor provide compensation for any use of YOUR IMAGE.

Expenses. All expenses associated with your participation in the Hack-a-Thon are solely your responsibility.

Privacy. All information submitted by you as part of the Hack-a-Thon may be collected, processed, and stored electronically and on paper by Intel in accordance with Intel's privacy policy, available at <http://www.intel.com/privacy>, in order to execute the Hack-a-Thon.

Liability. To the maximum extent permitted under applicable law, Intel, its directors, officers, employees, agents, representatives, vendors, contractors, content partners and sponsors (collectively, "Indemnitees") shall not be liable for any damages, losses or claims whatsoever arising from the Hack-a-Thon.

Disputes. To the extent permitted under applicable law, the Hack-a-Thon is governed by the laws of the United States and the State of Delaware, without giving effect to any choice of law or conflict of law rules which would cause the application of the laws of any jurisdiction other than the State of Delaware.
